2. [redacted] In connection with a request from the Chairman of the Hoover Select Committee on Government Research, I talked with Mrs. Hailes, in the office of Representative Melvin Price, concerning the problems we have in responding to this query suggesting that we discuss this problem with Mr. Price in view of his membership on our Armed Services Subcommittee and the Joint Committee on Atomic Energy as well as being a member of the Committee on Government Research. We felt that he would be in a position to offer us his assistance or advice on the matter since most of the Agency information which is in the research and development field is classified. Mrs. Hailes suggested that I call her Monday morning with a view to seeing the Congressman early next week.
